AGENTS VS ALIENS

Adventure in Watertown

AGENT NOIR,
THIS IS AGENT BLANC.
WE NEED TO SPLIT UP. LEAD SOME OF
THOSE SPACESHIPS TO AN OPEN AREA
AND DESTROY THEM. OVER.

ROGER THAT. OVER.

LUCKILY VEHICLES NOWADAYS HAVE LEVITATION SYSTEMS,
SO THAT WE CAN DRIVE ON ROADS AS WELL AS ON WATER

THIS IS JAN. 9TH, 2119,
MONDAY...

...WE'RE IN SHAOXING, A PEACEFUL
CITY IN ZHEJIANG, CHINA...

100 YEARS AGO WE RECEIVED REPEATING FAST RADIO BURSTS,
SOME SCIENTISTS SPECULATED THAT THE REPEATING FRB
COULD BE EVIDENCE OF EXTRATERRESTRIAL INTELLIGENCE...

THEY WERE RIGHT! BECAUSE RIGHT NOW,
WE ARE UNDER **ALIENS' ATTACK!**

SO, THIS IS THE COCKPIT...
ON THE LEFT IS AN EGGSHELL-SHAPED DRIVER SEAT,
ON THE RIGHT IS THE PASSENGER SEAT,
MEANWHILE IT'S ALSO A SUSPENDING MOTORCYCLE--

WELCOME BACK, AGENT BLANC.

HI L.O.T.U.S.,
FIRST OF ALL...

...WOULD YOU
KINDLY INTRODUCE
THE EQUIPMENT TO
OUR DEAR READERS?

WITH PLEASURE

WELCOME BACK

THE STEERING WHEEL LOOKS LIKE A GAMEPAD. THE KEYBOARD UPON IT ENABLES YOU TO INPUT CODES AND INSTRUCTIONS, THE JOYSTICKS ACT NOT ONLY AS HANDLES, BUT ALSO AS CONTROLLERS TO TAKE AIM AND OPEN FIRE. ALL IN ALL DRIVING FEELS LIKE PLAYING A VR GAME THEREFORE IT'S FULL OF ENJOYMENT AND EXCITEMENT.

THE MOTORCYCLE USES MAGNETIC/JET SUSPENSION AND JET PROPULSION, JUST LIKE THE CAR ITSELF. SPARE WHEELS WILL APPEAR ON COMMAND, BUT NORMALLY WE WILL HOVER INSTEAD OF ROLLING, SO THAT THE FRICTION CAN BE REDUCED, RIDE COMFORT CAN BE IMPROVED, AND THE SPEED CAN BE MAXIMISED. ALSO THIS TECHNIQUE LIFTS THE LIMITATION OF DRIVING LOCATION, WE CAN DRIVE ON WATER SURFACE AS WELL AS ON ASPHALT ROAD.

THE DASHBOARD ADOPTS LUMINOUS LCD PANEL AND HAS TOUCH SENSOR ALL AROUND. YOU CAN SEE A DISPLAY OF THE MAP OF YOUR CURRENT LOCATION IN FRONT OF YOU, SPEEDOMETER AND BATTERY GAUGE AT TWO SIDES. THERE ARE APPS LIKE CONTACT, MAIL, MUSIC, WEATHER, ACTIVITY MONITOR, CALENDAR AND INTERNET IN FRONT OF THE COPILOT.

ON THE CENTRE CONSOLE THERE IS A HANDPRINT, WHERE THE RIGHTFUL DRIVER PUT HAND ON TO UNLOCK AND LAUNCH THE VEHICLE. IN ORDER TO ACHIEVE SILKY GEAR-CHANGE, A TOUCH SHIFT IS APPLIED. A GENTLE STROKE IS ALL YOU NEED TO CHANGE THE GEAR, EVERYTHING GOES SO SMOOTHLY AND SWIFTLY. AS FOR THE ARMAMENT, IT CONSISTS OF FOUR MISSILES AT THE SIDE DOORS, SEVERAL WEAPONS AT THE REAR COMPARTMENT: TWO RIFLES, FOUR PISTOLS AND AN MULTI-FUNCTIONAL UMBRELLA.

THAT'S ALL FOR THE INTRODUCTION. ARE YOU READY TO GO?

GEELY 

FIRST,
ADJUST THE SEAT...

...THEN, PUT MY HAND
ONTO THE HANDPRINT
UNLOCK SENSOR TO
START THE ENGINE...

I AM AGENT BLANC, I'M GONNA
SAVE THE CITY FROM ALIENS!

...FINALLY, SHIFT THE
GEAR BY TOUCHING THE
TOUCH SENSING BARS...

...EVERYTHING IS SET,
NOW I AM READY TO
GO!

AGENT BLANC, THIS IS AGENT NOIR.
HALF OF THE INVADING ARMY WAS WIPED OUT.
I'VE COME TO YOUR AID. SHALL I DROP
NUCLEAR PAYLOAD? OVER.

NEGATIVE,
WE'RE TO FIND SOMEWHERE FAR AWAY FROM
RESIDENTIAL AREA BEFORE OPENING FIRE.
DO YOU COPY? OVER.

THE TRANSLUCENT FIN MAKES THE CAR MORE STABLE AT HIGH SPEEDS, AND FORMS A VISUAL BALANCE WITH THE FAIRLY HIGH-MOUNTED FRONT-WING.

THE TWO GUN MUZZLES AT THE REAR ARE CALLED "NUPHAR". THEY CAN EMIT HIGH POWER LASER BEAM. IT'S SUPER USEFUL WHEN BEING HUNTED DOWN...

IN THE CASE OF A MAJOR EMERGENCY, THE SCISSOR DOORS WILL ROTATE AT THE FIXED HINGE AND TURN THE INSIDE OUT. THAT'S WHEN THE HEAT-SEEKING MISSILES COME IN HANDY...

THE TAILLIGHTS ARE IN THE SHAPE OF A BLUE MORPHO BUTTERFLY. THE LUMINANCE CHANGES AUTOMATICALLY ACCORDING TO THE AMBIENT LIGHT. THE SIX THRUSTERS ARE THE SOURCE OF POWER.

COME WHAT MAY! ONE THING IS FOR SURE: LOTUS WILL HELP US WIN THE BATTLE!
